

Take the issue of 46 Million African Orphans to the Streets of Your Community

WHAT IS "TAKE IT TO THE STREETS?"

Take it to the streets is a great way to have fun with your friends, raise public awareness of the African Orphan Crisis and help support the schooling and housing for African orphan children. You print signs about the African Orphan issue, take them out on the streets and ask people who read them to donate \$1. You will meet lots of people who genuinely care about the children of Africa.

HOW DO I PARTICIPATE?

- With a group of friends, make 1 large poster for each of the pages below. Remember to PRINT BIG...one inch for each 10 feet away you are from the people who are reading it. Figure out how to deal with weather issues while holding the signs. (rain, wind, etc.)
- Plan a time when 5-10 friends can go out on the streets of your city and hold the signs in order so that cars or pedestrians can read them in order and, at the end of the series of posters, they can donate \$1. You may need permission to stand at the location where you hold the event. You may need an adult to make that contact.
- GO TO THE STREETS!!! on the day you planned. Make sure you:
 - Have each poster held by someone and that the posters are in sequence so the whole message can be read over some distance like a block or two. Find a busy street where there is lots of foot or driving traffic but where cars are not driving fast.
 - Make sure you are collecting donations where traffic will naturally stop or cars that pull over can do so without stopping other traffic.
 - Educate yourself; Know something about ReclaimKids and what they do and know about the Orphan Issue so that if people ask you questions you can answer intelligently. Have something printed on ReclaimKids even if it is just the ReclaimKids Web address to hand to people who want more information.
 - Have everyone standing somewhere safe. Have someone with the group that is over 18 to make sure everyone is safe.
 - SMILE AND WAVE AND MAKE EYE CONTACT!!! It does our communities good to see our youth out doing something productive with their lives and smiling and waving sends that message...they will likely give you \$1 just for smiling and waving !!!
 - Maybe have some friends sit on top of a car holding some of the signs...play loud (non-offensive music) to get some energy flowing.
 - HAVE FUN!!!!
